

CSE FYP Team Won a Silver Award at the China Pan-Pearl River Delta University IT Project Competition

CSE FYP team, comprised Jerry CHU, Victor LEE, and Hin WONG, has won a Silver Award at the China Pan-Pearl River Delta University IT Project Competition this year.

The competition is organized by the ShenZhen Computer Federation with iProA as the co-organizer for the Hong Kong region. It aims to recognize the academic achievements of Information and Communication Technology projects in the Pan-PRD region, including nine provinces in China together with Hong Kong SAR, Macao SAR, and Taiwan.

"StockMesh - Cross-Platform Mobile Stock Quote Application" was nominated by CSE as a departmental representative in the first round competition held on 8 June where the team was awarded First Runner-Up amongst more than 30 teams from Hong Kong. As one of the outstanding project teams, it was invited to represent Hong Kong in the final round competition held in ShenZhen during 27-30 June. The team competed with 28 teams from different regions of Pan-Pearl River Delta China. Through a series of document inspection, exposition, and presentation, the team was recognized as one of the eight teams qualified for the Silver Award of the competition.

The team would like to express their gratitude to [Prof Gary Chan](#), CSE Department, and everyone who has supported them during the competition.
